The reaver can be imbued with a variety of powers (light, darkness, fire and air), adding another level of depth to the puzzle mechanics, as well as being Raziel's most potent weapon.. For a start there's the plane-shifting -Raziel's capacity to move between the material and spectral realms at will.. Most significantly it's a puzzle-solving tool, each major puzzle area requiring you to shift planes in order to take advantage of different abilities and environmental features available in each realm.

I'M Reaving TodayThere's also the eponymous reaver itself, a symbiotic weapon immutably linked to Raziel.. Legacy of Kain: Soul Reaver 2 General Discussions Topic Details Oct 16, 2013 @ 3:51am Usar un mando de ordenador Hay alguna manera de hacer uso.. Indeed, it's among one of the finest action/adventures available on the PC This page is a stub: it lacks content and/or basic article components.. Each of the major characters with whom you interact appears to help and deceive you by turns, and there's a refreshing lack of moral transparency at work. But it also functions as a punishment for 'dying' in the material plane, as life in the spectral plane is generally crippling to progress in and far less fun, as you can't interact with objects or use physical weapons.. It's commendable to see such robust storytelling in a game that's essentially console-oriented.. Possibly the most surprising aspect of Soul Reaver 2 is the storyline While the dialogue is absurdly overblown at times, on the whole it's a compelling, intricate and well-paced yarn that actually keeps you guessing.. The puzzles themselves are also extremely well constructed, if occasionally a little on the easy side, but there are more than enough variables to keep things interesting throughout.. Legacy of Kain: Soul Reaver 2 In this sequel to the critically acclaimed Legacy of Kain: Soul Reaver, reassume the role of Raziel, and travel back through the currents of time into various eras of Nosgoth's past in your relentless pursuit of Kain..
